MEMORANDUM FOR DIRECTOR OF CURRENT INTELLIGENCE
MR. WILLIAM PARMENTER

Dear Bill,

I understand that my earlier memo to you enclosing names of possible replacements for me may have gone astray. I am forwarding another list with an additional name or two. I believe the new Director should be a Grade 16 or above and have some experience in Soviet military-political affairs with emphasis on the former. Preferably he should be assigned a two year tour of duty. This is also [redacted] view, independent of my own. I am sure that there are other possibilities but these are the people who come to my mind not necessarily in order of personal preference.
